VIP Services Management & Executive Protection Coordination

Through qualified and appropriately licensed local partners

WHO WE ARE

Bodyguard Executive Concierge is a Portugal-based VIP services management and coordination brand. We provide a single point of contact for clients and international partner organisations requiring discreet, carefully planned services during business or private travel.

Our operating model combines client relationship management, travel planning, service sourcing and on-the-ground coordination. Regulated private security activities are carried out exclusively by appropriately licensed third-party security providers.

OUR CORE SERVICES

- Executive protection planning and coordination through licensed providers
- VIP travel assistance and itinerary management
- Airport meet-and-greet and premium transfer coordination
- Luxury chauffeur and vehicle arrangements through authorised operators
- Corporate delegation and private-event support
- Hotel, restaurant and concierge arrangements
- Local supplier selection, scheduling and operational communication

OUR VALUE TO INTERNATIONAL PARTNERS

One local coordination point in Portugal, clear communication, tailored service planning and access to specialist providers selected according to each assignment. We aim to make cross-border client servicing simpler, more consistent and discreet.

SERVICE COVERAGE

Portugal: Lisbon, Porto, Algarve and other destinations subject to partner availability. UAE: Dubai and other Emirates through locally authorised partners, subject to agreement and operational feasibility.

TWO-WAY PARTNERSHIP MODEL

UAE → Portugal

For UAE-based executive protection firms, family offices, concierge companies and travel managers whose clients visit Portugal, Bodyguard Executive Concierge acts as a local service coordinator. We arrange requirements, schedules, transport and licensed security-provider engagement as applicable.

Portugal → UAE

For clients travelling from Portugal to Dubai or elsewhere in the UAE, we seek established local partners to deliver lawful, high-quality executive protection, VIP transportation and concierge services, while Bodyguard coordinates the client relationship and overall service requirements.

HOW WE WORK

- 1. Receive the client brief and identify service requirements.
- 2. Assess feasibility, local regulations and required licensed providers.
- 3. Prepare a tailored service proposal and define responsibilities.
- 4. Confirm suppliers, itinerary, communication and escalation contacts.
- 5. Coordinate delivery and follow up with the client and partner.

PARTNERSHIP OPPORTUNITIES

We welcome referral arrangements, reciprocal destination-support agreements and case-by-case operational partnerships with established companies. Commercial terms, responsibilities, confidentiality, data protection and insurance requirements are agreed before any assignment.

COMPLIANCE & PROFESSIONAL STANDARDS

Bodyguard Executive Concierge does not represent itself as a licensed private security company. Any regulated security activity is performed by appropriately licensed providers under the applicable local legal framework. Transport and other regulated services are likewise assigned to suitably authorised operators.
